Review: Satisfyer 'Candy Cane'

The Candy Cane is a versatile finger vibrator which can be used in a multitude of ways. It can be used for internal and external pleasure (intercourse and outercourse) and can be used solo or with someone else. It is suitable for both Penis and Vulva owners.

Packaging

The Candy Cane comes in a cardboard box that has a fold out cover which has images of how to use the candy cane on the inside. The Box has a perforated tab pull which as well as proving the box has not been opened aids the user to open the box easily.

The Product

The Candy Cane is a product that is great for both those who are new to using sex toys and the more experienced user. It has one button that is quite easy to press but it is on small size. You use the button to navigate through the 12 different vibration programs. It has a whisper mode which means you can use it discreetly.

It can be used on all parts of the body and is a great way of exploring different erogenous zones.

The candy cane is a fantastic couple's toy and can be used when having penetrative sex as well.

It is rechargeable and is charged via the magnetic points on the vibrator with the included USB charger.

It is waterproof so you can take it in the bath or shower.

The Pros

- Can be used in a multitude of ways
- Great for those with dexterity issues

The Cons

- The candy Cane does not always stay in place when used as a finger vibrator
- The power button could do with being slightly bigger

Occupation Therapists View

The Candy Cane is a good product for those who want to try a sex toy for the first time. It's a product that can be used in many ways and is good for those with dexterity issues as it can be held in a variety of ways.
